

# Water Contamination Settlement Claim Form Clinic

**Do you need help filling out the claim form for the water contamination settlement?**

*Good v. West Virginia American Water Company, No. 2:14-cv-01374.*

On January 9, 2014, a chemical leak caused more than two hundred thousand households in nine West Virginia counties to be without drinkable water. If you were one of those persons affected, then you are eligible to fill out a claim form for damages. We can assist in filling out the claim forms.

*Claim forms will be available. If you are a renter who was not a West Virginia American Water customer, then you will need verification of your residence on January 9, 2014, such as a utility bill, canceled check, copy of lease or completed verification, found at [www.wvwaterclaims.com](http://www.wvwaterclaims.com).*
